Attention - Forensic Science Majors in the CUNY Justice Academy:

Your future in forensics awaits you at John Jay and we are anxious to get to know you!

Join us on Tuesday, April 14 from 3:30 – 7:30 p.m. for...

Forensics Lecture - "Modern Genetic Techniques and Molecular Autopsy in Sudden Unexplained Death Cases" - given by Dr. Yingying Tang, scientist at the Office of the Chief Medical Examiner of NY

Research Lab Tours

New Friends and Free Food!

All forensic science majors in the CUNY Justice Academy who attend QCC, BMCC, BCC, Hostos, and KCC are encouraged to attend!

If you plan to join us, please be sure to RSVP to prism@jjay.cuny.edu by Wednesday, April 8 (this deadline is while you are on break) so that we can order enough food and save you a place for the lab tours! Be sure to include your name, your school and the event date when you RSVP since there are several events in April. Final details will be emailed to those who RSVP.
