

SEARCHING THE DATABASES

is a collection of databases (some materials full text, others in summary form only) covering a wide variety of subject areas. Each database consists of particular resources and may have some unique searching features. However, most general searching, viewing, and printing/saving/emailing options are shared.

Basic Searching:

1. Type your keyword(s) in the search box provided:

Find:

physician assisted suicide

Standard Search All Words Any Words Exact Phrase [Search Tips](#)

2. You may **LIMIT YOUR RESULTS**:

- a. Limit to **full text** and/or **scholarly journals ONLY** by clicking inside the appropriate box.

Search Options Results

Limit your results:

Full Text

Scholarly (Peer Reviewed) Journals

Publication

Published Date Month Yr. to Month Yr.

Expand your search to:

Also search within the full text of the articles

Also search for related words

- b. Limit your search to a **specific journal** title. Type the journal title in **Publication** box.

(Verify availability of that journal title by clicking **PUBLICATIONS** on the top toolbar).

- c. Limit your search to a **specific date** or **date range**. Type in a specific year (required, type in the last two digits of the year) and select a month (optional, choose from drop-down menu).

3. Click

4. You should retrieve a **Result List** or list of citations that match your search criteria.

If your screen reads **No results were found for your search query**, or you are *not satisfied* with your results:

[Click New Search to begin a new search.](#)

Try a different keyword(s) to describe your topic. Click [Search Tips](#) (under search box) for help.

Viewing Records:

If your search was successful, a **Result List** will display. Each citation includes an [article title](#), author's name, journal title, date of publication, volume and issue number, page number, total number of pages, and graphic elements.

Click arrows or page numbers to move **forward** and **backward** along Result List.
