

A MESSAGE FROM:
**THE DIVISION OF ADMINISTRATION
FINANCE (DAF)**

For Your Information: COVID-19 Information on the Hostos Website

Hostos Community College continues to monitor and proactively manage the risk associated with the 2019 Novel Coronavirus (COVID-19), following guidance from CUNY Central Office and the NYC Health Department.

Any updates received from CUNY on COVID-19 will be posted on the Environmental Health & Safety Office [Health Alerts](#) page.

Campus procedures for managing the spread of infectious diseases are always available on the Environmental Health & Safety Office [Infectious Diseases Protocol](#) page.

As a reminder, everyone should also take simple preventive actions for any kind of flu or virus, including this coronavirus:

- Wash your hands often. Washing with soap and water for at least 20 seconds is ideal.
- Make use of hand sanitizer in dispensers across campus near elevators, restroom entrances, and hallways.
- Keep your hands away from your face and avoid touching your mouth, nose, or eyes.
- Cover your coughs and sneezes with tissues or with the inside of your elbow.

Faculty, staff, & students who are sick and exhibiting symptoms of acute respiratory illness should remain at home until they no longer register a fever (100.4°F [37.8°C] or greater using an oral thermometer).
