

## Fort Greene Health Center

### Schedule Your Appointment for the NYC Health Department Immunization Clinic

Due to the COVID-19 pandemic, patients are required to make an appointment before they visit the Immunization Clinic at the Fort Greene Health Center.

You can get low- or no-cost immunizations at the Immunization Clinic, regardless of your insurance or immigration status. The clinic serves anyone 4 years or older.

For assistance with scheduling your appointment, call 347-396-7943. Or go to the website below to schedule your appointment online <https://patienteducationgenius.jotform.com/t/boi-appointments>

**Address:** 295 Flatbush Avenue Extension, 5<sup>th</sup> Fl, Brooklyn, NY 11201 (corner of Willoughby Street and Flatbush Avenue Extension, Exit, near the Fulton Mall and Long Island University)

**Hours:** Monday to Friday: 8:30 a.m. to 2:30 p.m.

**Public Transportation Directions:** Take the A, C or F trains to Jay Street, the 2,3,4 or 5 trains to Nevins Street, the R, Q or B trains to DeKalb Avenue, or the A, C or G trains to Hoyt - Schermerhorn.

Be sure to bring your [vaccination record](#) and insurance information with you to the clinic.

The Fort Greene walk-in immunization clinic provides immunizations recommended for children 4 years and older, teens and adults, including:

- **Vaccines for Adults**

- Flu vaccine (standard and high-dose flu vaccines)
- Diphtheria, tetanus, and pertussis combination vaccine (Tdap)
- Tetanus and diphtheria vaccine (Td)
- Hepatitis A vaccine (for at-risk adults)
- Hepatitis B vaccine (for at-risk adults)
- Human papillomavirus vaccine (HPV, for adults through age 26)
- Measles, mumps, and rubella combination vaccine (MMR)
- Meningococcal vaccine (for at-risk adults)
- Pneumococcal vaccine

### Health Insurance and Billing Practices

In order to comply with Medicaid rules, the Health Department's immunization clinic must request insurance or payment for services.

If you have health insurance, the Health Department will bill your insurance. You will not be charged a copay. If you are over 19 years of age and you do not have health insurance or do not want your insurance billed, the Health Department will ask for a sliding scale fee based on family size and annual income.

Clinic staff will not ask for proof of family size and income, and services will be provided regardless of ability to pay.

## **Additional Locations for Uninsured and Underinsured Adults**

Adults 19 years and older who do not have insurance, or who have insurance that does not cover the cost of immunizations, may also contact or visit the community health centers listed below.

These health centers charge a sliding scale fee payment based on family size and annual income. Clinic staff will not ask for proof of family size or income. **Services will be provided regardless of ability to pay.**

**You do not need to make an appointment. You will be seen on a first-come, first-served basis. Be sure to bring your vaccination record, if available.**
