

A message from **THE PRESIDENT**

IN MEMORIAM: DAMARIS-LOIS Y. LANG

Grief follows hard on the heels of grief today: I have just learned that Dr. Damaris-Lois Y. Lang of the College's Natural Sciences Department passed away on November 13.

Damaris-Lois taught at Hostos for 16 years and was a beloved member of the Natural Sciences Department and the greater Hostos community. Her scholastic achievements were extraordinary; she held advanced degrees from the University of Ghana Medical School, Lehman College, the CUNY Graduate Center, and the Harvard Kennedy School. Her vivacity, charm, generous spirit, and formidable intelligence will long be remembered – and greatly missed.

She is survived by her husband John and their son Milo and other family members. A link has been made available for those who would like to share their condolences and memories: [Giving in Love for the Langs - Give InKind](#).

All at Hostos send their sincerest sympathies to Damaris-Lois's loved ones during this time of loss.

In mourning,

Daisy Cocco De Filippis, Ph.D.
President
